Administration

The Almshouses are managed by **KEVI Corporate Trustee**, a company limited by guarantee incorporated in England and Wales. The Charity is unincorporated and governed constitutionally by the terms of a Scheme of the Charity Commission. The individuals who are the Directors of the Corporate Trustee are, from time to time, referred to as the "Trustees" (including in the Corporate Trustee's Articles of Association) but they are not "charity trustees" for the purposes of section 177 of the Charities Act 2011, and for charity law purposes the Corporate Trustee is the sole trustee of the Charity.

King Edward VI (Saffron Walden) Almshouses currently consists of 40 flats and seven bungalows, a mixture of one and two-bedroomed accommodation, two of which are specifically designed for those with limited mobility. The residences are situated primarily at the main Abbey Lane site, including Prime's Close immediately adjacent, with one property (four residences) in nearby Freshwell Street. Residents pay a contribution towards the maintenance of their property. This contribution is based on the Local Housing Authority (LHA) rate and currently ranges from £100 - 160 per week depending on the type of residence. The Almshouses are administered by a team of voluntary Directors with the support of an Estate Officer and a Business Officer, both working part time.

There are three committees: **Finance**, **Fabric** (dealing with the upkeep of the buildings and grounds), and **House** (dealing with matters concerning the residents). Ideally, each Trustee serves on two committees. Each committee meets six times a year (approx. every other month). In addition, every quarter there is a Full Board meeting. There are also a few sub groups which deal with specific issues which are often time limited.

Brief History of our Almshouses

Our Almshouses were founded in 1400 when the Guild of Our Lady of Pity was established in Saffron Walden by Charter from Henry VI following a bequest of £40 from John and Eleanor Butler. The purpose of the Guild was to provide Almshouses for “13 poor men such as be lame, crooked, blind and bedridden and most at need”. Many local benefactors gave gifts of land and money. The infamous 16th-century Mazer Bowl, once drunk from and referred to by Samuel Pepys in his famous diary, was such a gift. Sold in 1929 to raise money for urgent roof repairs it is now in a private collection but a replica is on display in Saffron Walden Museum. In 1547, by Act of Edward VI the lands and estate were devolved to the King but he agreed to return them to the Town in his name, and so they have continued, being pulled down and rebuilt as necessary over the centuries. In the 19th century the Trust greatly benefitted from the Quaker Gibson family who were responsible for the two buildings either side of the main building in Abbey Lane, as well as the demolishing and rebuilding of the property in Freshwell Street. More recently, a bequest from The Revd Joseph Prime, who died in 1942, facilitated the building of the bungalows in Prime’s Close in 1950, once the war was over.

Future Plans

We are entering an exciting time in the long history of the Almshouses. Work was completed in 2018 on the renovation of Daniel’s Bungalow, the oldest property on our site which has at various times been a laundry, mortuary and the Warden’s home. The Directors, and residents, are delighted with its new incarnation as two modern homes.

In 2016, the Trustees proposed plans for redeveloping the bungalows at 2-8 Prime’s Close, on the Abbey Lane site, which are beset with long-standing significant problems and are reaching the end of their useful life.

The bungalows were built in 1950 replacing dwellings built in 1782 which, in turn, had replaced earlier tenements built in 1400. Working with the Cambridge firm, Caroe Architecture, who have significant experience in this type of historically-sensitive development, the Directors have been exploring options to replace the existing seven dwellings with an increased number of flats, accessible for a variety of needs. They too would be designed for modern living and contribute towards meeting increasing housing demands in Saffron Walden.

However, these plans are still at an early stage, with nothing yet set in stone, as the Directors progress through planning to confirm both the design and viability of the scheme.
